Dear friends and colleagues

We are pleased to announce that the 13th Virtopsy Course will be held in Zurich, Switzerland, on March 14th-18th, 2016.

The Virtopsy Course combines a Basic and an Advanced Course into an entire week of forensic imaging. The Basic Course is focused on postmortem CT and 3D documentation.

The Advanced Course is dedicated to postmortem MR and angiography. The objective of the course is to provide theoretical knowledge and practical skills in forensic radiology and imaging.

Virtopsy Courses are aimed at all persons who are professionally involved in forensic radiology and imaging, including forensic pathologists, radiologists, radiographers, and surveying specialists.

We are looking forward to seeing you in Zurich.

Sincerely

A handwritten signature in blue ink, appearing to be 'M. Thali'.

Michael J. Thali, MD, EMBA  
Director of the Institute of  
Forensic Medicine  
University of Zurich
